**CLUE 4  
TEAM 1**

The letters on each clue will be used to spell two words that will give the location of the hidden surprise. Those words will be... HALL CLOSET. Be sure to let the teams know they have to collect the letters. Don't tell them why.

Both teams will be personally handed their first clue and may read it and begin their hunt when you say GO.

Both teams' second clues will be hidden in the garage (anywhere, but in a shoe or a jar - see clue 1).

Note: Be careful when hiding the clues. Don't hide the clue that leads to the garage in the garage, etc. It can sometimes get confusing. Keep reminding yourself that the clue that leads to the next location needs to be hidden at the location before it. This may not be a problem for you, but it sometimes happens.

From the garage onward each team will take a different path, till they end up at their final destination... the HALL CLOSET.

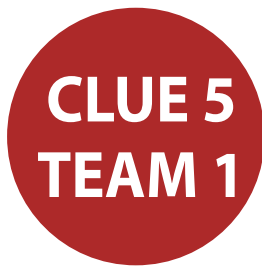

When hiding the clues be sure the side with the team/clue marker is visible and notify your teams that if they see a clue from the other team, they should leave it where it is and not give any indication that they know where it is, otherwise they could unknowingly be helping the other team. Each team has their own color.
